

Welcome to Meiyad!

Shenzhen Meiyad Optoelectronics Co., Ltd

(Group Introduction)

Group Introduction

Production Capacity

Products

Case Show

Headquarters in Shenzhen

Founded in 2011

2,000+ employees

4 production bases

Top 1 in single and dual color module industry

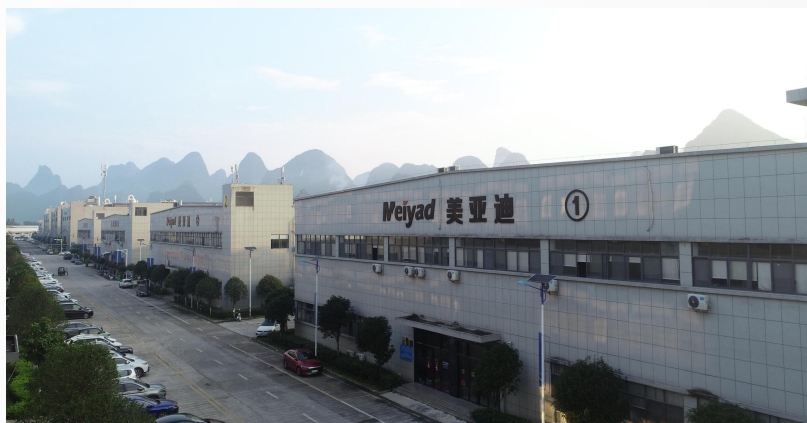

Over 330,000 m²

Top 3 in Creative Screen

Each production base is equipped with the capabilities of independent PCB production and LED encapsulation.

Guangxi production base

Sichuan production base

Hubei production base

— Shenzhen Headquarters —

Meiyad

Founded in 2011

Building area 10,800 m²

200+ employees

Positioning: Group R&D Center, mainly engaged in the production and sales of flexible and customized products, as well as domestic projects and international marketing centers

— GuangXi Production Base —

Meiyad

Founded in 2017

Building area 120,000 m²

600+ employees

Positioning: Mainly focused on SMD single and dual color modules, outdoor full-color modules, equipped with SMD LED lamp packaging, PCB production

SiChuan Production Base

Meiyad

Founded in 2020

Building area 120,000 m²

600+ employees

Positioning: Mainly focused on producing SMD indoor full-color modules, equipped with SMD LED lamp packaging, PCB production

— HuBei Production Base —

Meiyad

Founded in 2023

Building area 80,000 m²

600+ employees

Positioning: Focus on mid-to-high-end products such as small pixel pitch modules, flexible modules, outdoor full-color modules, and COB modules, and provide supporting LED lamp encapsulation.

— Production Capacity —

Meiyad

Meiyad Group is a leading diversified LED industry chain manufacturer, integrating LED display screens, PCB production, LED lamp encapsulation, glue, cabinet, packaging and other diversified industries.

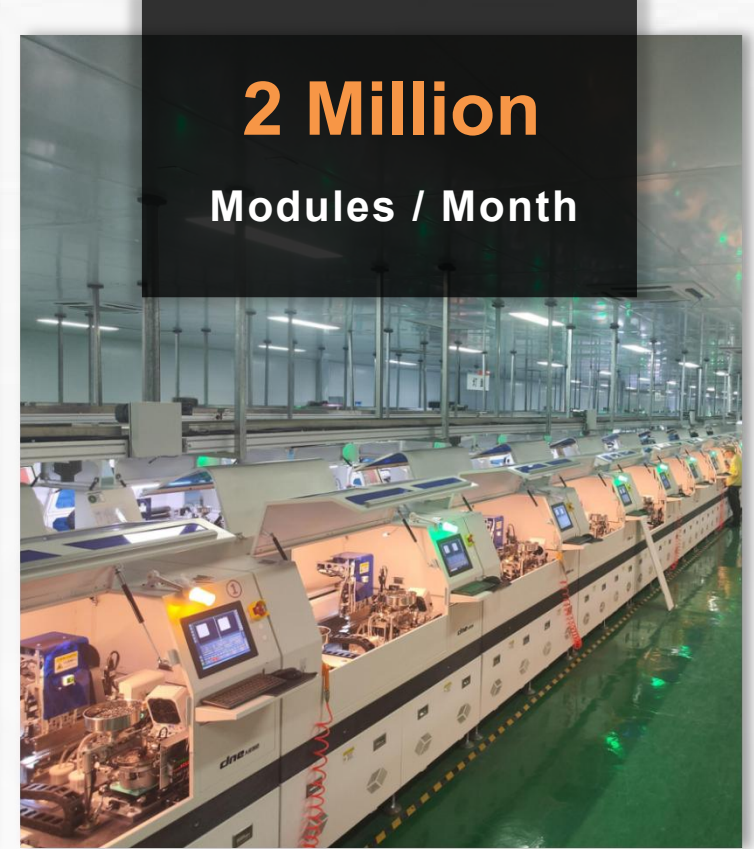

6 Billion
LED lamps / Month

1000+ Lamp Encapsulation Line

2 Million
PCB boards / Month

150+ Public Mold PCB

2 Million
Modules / Month

25%+ PCB supply to market

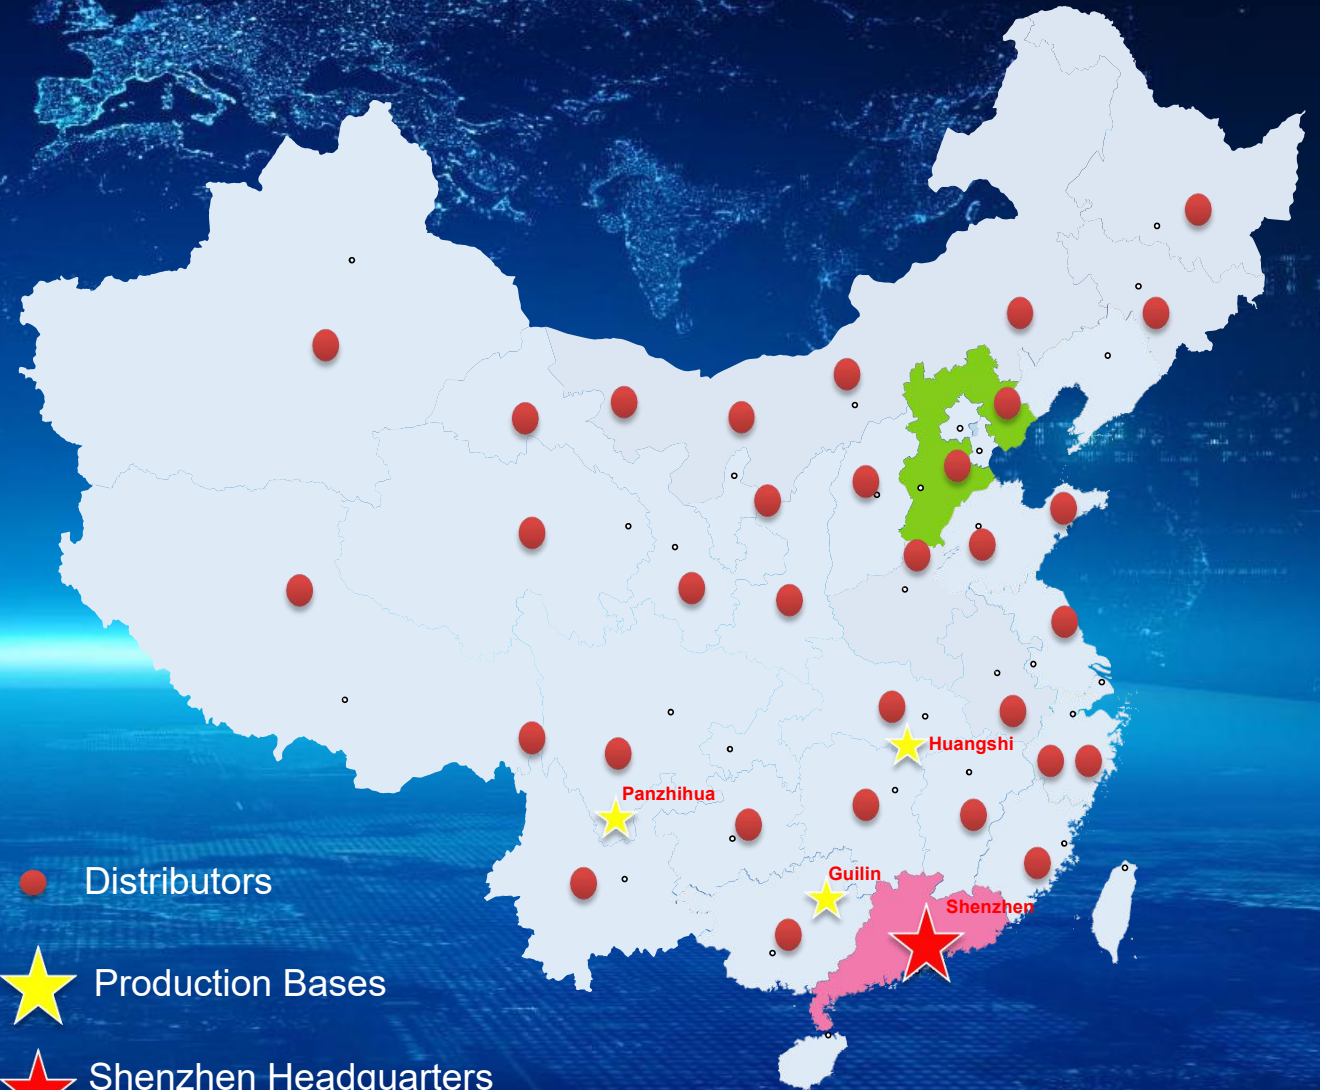

— Distribution of the China Domestic Market — *Meiyad*

4 Production Bases

26 Branch Offices

300+ Dealers

- Distributors
- ★ Production Bases
- ★ Shenzhen Headquarters

Worldwide Distributors Wanted

Meiyad

100+ Export countries

30000+ Cases

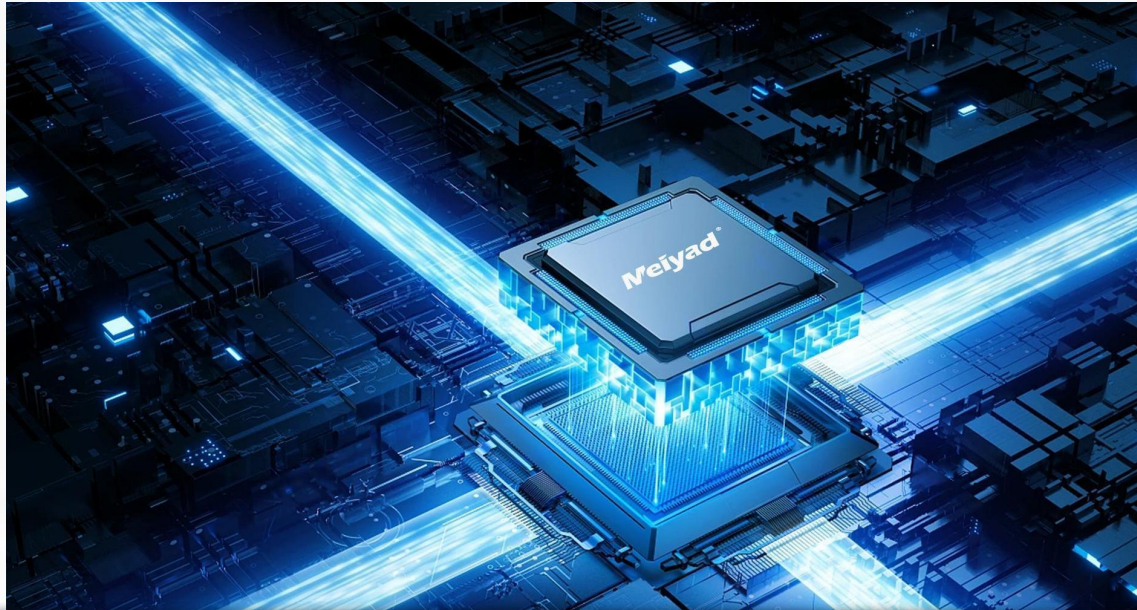

30+ Distributors

Branch: Australia

Agents: Russia, Vietnam, Indonesia, Iraq, Italy, Uzbekistan

Meiyad Group Culture

Meiyad

Become the world's leading multinational group integrating LED display R&D, production and sales.

Creativity realizes experience value

Group spirit

Honor
Integrity

Gratitude
Responsibility

Quality goal

Customer satisfaction is the highest pursuit
Keep improving is the eternal goal

Group responsibility

Eternity
Harmony

Sharing
Friendliness

Group mission

Create development opportunities for customers
Make a bright future for the entire LED industry

60+

Awards

- 70th National Day Craftsmanship Award
- Specialized, Refined, Special and Innovative SMEs
- Innovative Small and Medium Enterprises
- National High-Tech Enterprise
- Guangdong Province Famous Brand
- Top 25 LED Display Screen Enterprises in China
- Excellent LED Display Product Award
- Excellent LED Flexible Screen Brand
- Top 10 LED Flexible and Transparent Display Brands
- Top 10 Industry Innovation and Growth Brands

Meiyad

Produce high-end flexible led screen, customized led screen and standard indoor & outdoor led screen, can check brochure for more details.

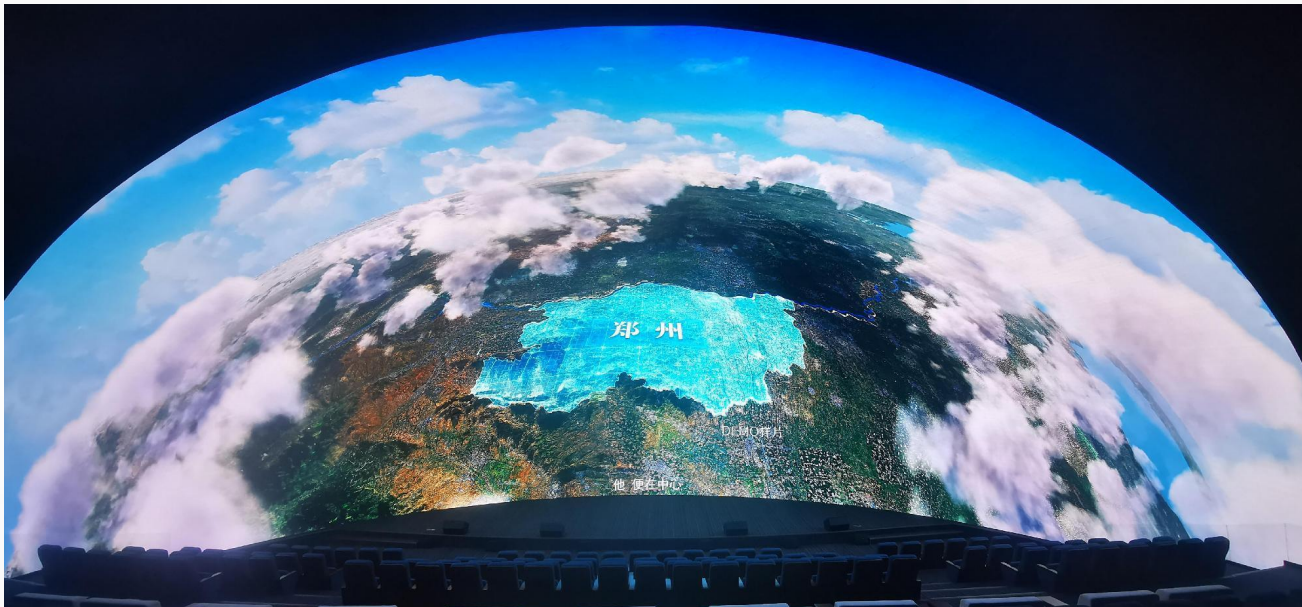

Creative Shaped Screen

Meiyad

Design extended applications

- Donut screen
- Treasure bowl screen
- Dome screen
- Art sculpture screen
- Outdoor circular screen
- Ribbon screen
- Lintel screen
- Speaker screen
- Special-shaped canopy screen
- CAVE Immersive screen
- Spherical screen
- Outdoor spherical screen
- Indoor spherical screen
- Hemispherical screen
- XR Immersive screen

- ★ 100% private customization, to create exclusive customized solutions
- ★ Highlight individuality culture achievements city landmark
- ★ Gather vast popularity and win unlimited business opportunities
- ★ Supports customization of random pixel pitch and size

Flexible LED Screen

Meiyad

《The pioneer in the flexible module industry》

Design extended applications

- Inner arc screen
- outer arc screen
- Cylinder screen
- Outdoor waterproof Cylinder screen

Pixel Pitch (mm)

320*160mm (1.25/1.538/1.667/1.86/2/2.5/3.076)

240*120mm (0.93/1.25/1.875/2/2.5/3)

250*100mm (1.5625) 320x160mm (Outdoor P2.5/P3.076/P4/P8)

- ★ 8 times technology upgrades, 8 years of market experience
- ★ Ultra-thin, 8.5mm thickness
- ★ Maximum 120° bending, 10,000 bending tests
- ★ MOB craft P0.93 flexible module, using MIP encapsulated lamps + soft module PCB design, the first in the industry
- ★ Outdoor flexible module waterproof grade reaches IP66
- ★ Support soft/hard module connection, large/small module with modeling
- ★ Supports customization of random pixel pitch and size

Product Features

- Back wireless design
- 22Bit+Gray Scale
- Ultra Slim
- Support power supply & control system double backup

Pixel Pitch(mm)

600*337.5 cabinet (0.9375/1.25/1.5625/1.875)

Module size 150*168.75mm

- ★ Widely used in command centers, big data centers, public prosecutors and other application scenarios
- ★ High grayscale 22BIT+, HDR high dynamic image quality, bright colors
- ★ The color consistency is good and the contrast ratio reaches 10000:1.
- ★ Support power supply&control system double backup
- ★ Panel hardness 4H, waterproof, dustproof, and anti-bump
- ★ Power supply, receiving card are combined into HUB board.

— Fine Pitch LED Screen —

Meiyad

Product Features

- Back wireless design
- 16Bit Gray Scale
- Ultra Slim
- Support power supply & control system double backup

Pixel Pitch(mm)

608*342 cabinet size (1.267/1.461/1.583/1.9)

600*337.5 cabinet size (0.9375/1.25/1.5625/1.875)

640*480 cabinet size (1.25/1.538/1.86/2/2.5)

- ★ Widely used in command centers, big data centers, public inspection and other application scenarios
- ★ High gray scale, high contrast, bright colors
- ★ Support power supply & control system double backup
- ★ Back wireless design
- ★ Three sizes to meet a variety of field needs

Outdoor Fixed LED Screen

Meiyad

Product Features

- High brightness
- IP65
- Anti-UV
- Energy saving and environmental protection

Pixel Pitch(mm)

2/2.5/3/3.076/4/5/6/6.67/8/10/16

- ★ High brightness, high contrast
- ★ IP65 dustproof and waterproof
- ★ Anti-uv, avoid mask thermal expansion cold shrinkage warping edge
- ★ Energy saving and environmental protection, cabinets size can be customized

Pixel Pitch

P4.44/P5.71/P6.66/
P8 P10

—— CAVE-R Immersive LED Screen ——

Meiyad

Product Features

- 8K ultra high definition ➤ Floor screen ➤ Immersive ➤ 3D/2D

Pixel Pitch(mm)

P1.579-8.1m(diameter)、P1.579-6m(diameter)

Other size and pixel pitch can be customized

★ Used widely in virtual teaching, live sports event broadcasting, cultural and tourism interaction, virtual shooting, etc.

★ Ultra high definition

★ The floor screen can be stand and dance

★ Supports 3D/2D mode switching

★ **Super strong immersive sense**

— XR Immersive LED Display —

Meiyad

Product Features

- Ultra high resolution ➤ 1200 nits ➤ 16 Bit / 14 Bit ➤ 7680Hz
- Energy saving and environmental protection

Pixel Pitch(mm)

1.86/2.6/2.976/3.91/4.81

- ★ High brightness, high contrast ratio
- ★ Ultra high refresh rate
- ★ High grayscale
- ★ Energy saving and environmental protection

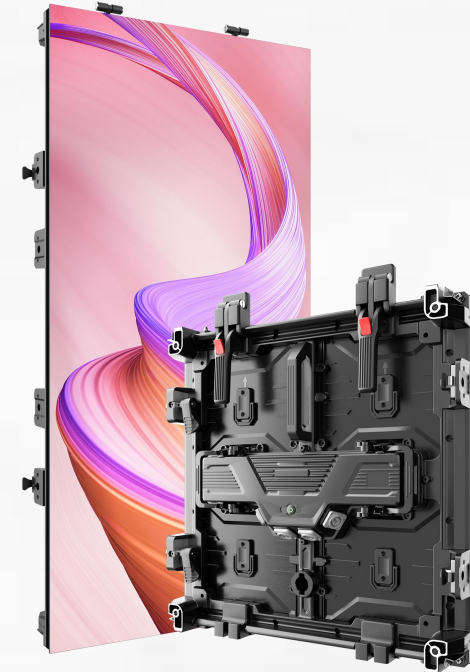

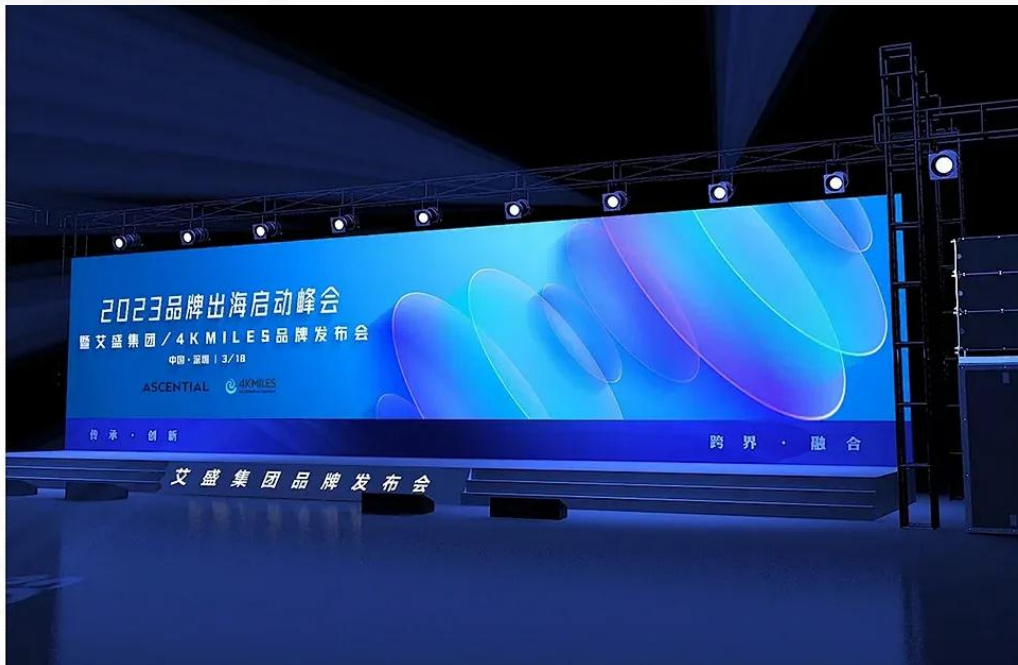

Design extended applications

- Refresh rate 7680Hz
- Can be spliced in special shapes
- Support inner arc, outer arc, right angle and arc angle shapes
- High brightness
- Front and rear maintenance

Pixel Pitch(mm) 2.97/3.91/4.81

- ★ Support 500*500 and 500*1000 cabinet splicing
- ★ HUB wireless connection
- ★ High brightness, high contrast
- ★ Support hanging, stack and floor tile

Transparent LED Screen

Meiyad

Design extended applications

- Transparent
- Crystal film screen
- Glass screen
- Film screen
- Holographic screen

Pixel Pitch(mm)

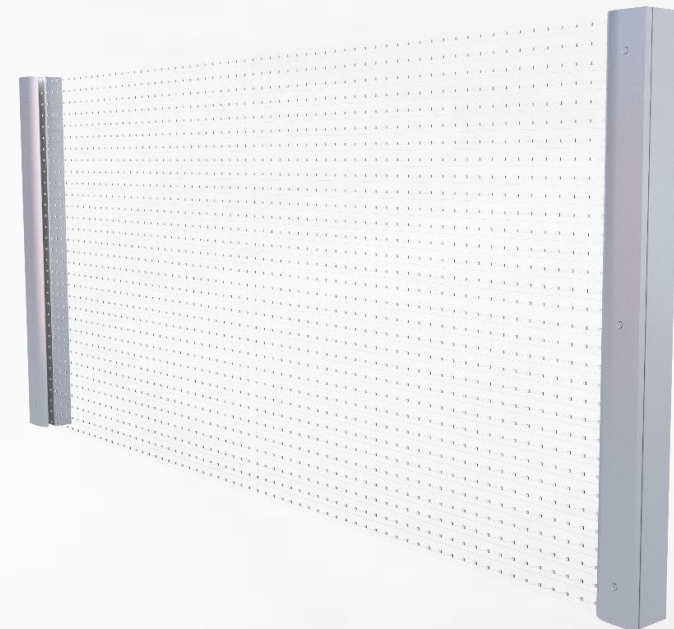

Mesh Transparent : 2.6-5.2/2.84-5.62/3.91-7.81/7.8-7.8/10.4-10.4

Glass/Film screen: 4/4-8/5/6/8/10/16/20/20-40

★ 100% private customization, create exclusive customized solutions

★ Supports customization of random pixel pitch and size

Holographic screen: 3.9/3.9-7.8/6.25/10.4

— LED Display Module Series —

Meiyad

Product Features

- High refresh ➤ High brightnesssss ➤ High grayscale
- Energy saving and environmental protection

Pixel Pitch(mm)

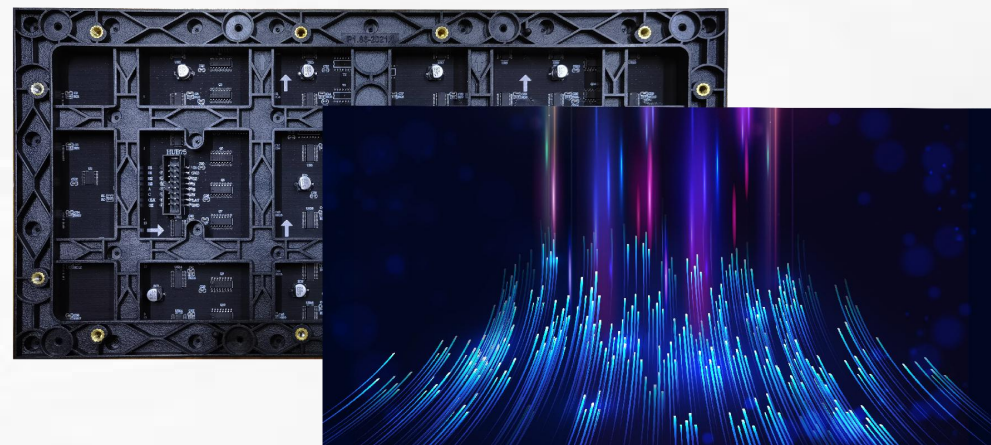

Single color: P4.75/P5 SMD (Red)

P10 DIP & SMD (Red/Green/Blue/White/Yellow)

Normal Indoor: 1.25/1.538/1.86/2/2.5/3/3.076/4/5

Normal Outdoor: 2/2.5/3/3.076/4/5/6/8/10

Flexible Indoor: 1.25/1.538/1.86/2/2.5/3.076/4
